

Additional Pass Overview and How to Purchase

The additional pass option would only be available to those who:

- Have more than 8 family members living in the same household who are requesting additional passes.
- Adding a family member who is currently living within the same household after initial household purchase.

First select your first 8 pass holders (example shown below) by selecting “8 person” from the drop down and selecting the members assigned. Once selected, please click on the green “Select This Membership” button on lower right corner of the screen.

Additional Pass Overview and How to Purchase

Please note for each additional member: this process will need to repeat until all additional members have been added. If you have 3 additional and choose “3 person,” your total due will not be correct.

When you go to assign the additional member, you must select the member who was not included in the original five (as shown below).
